The NRF is the government’s national agency responsible for promoting and supporting research and human capital development through funding researchers, provision of the National Research Platforms, and science outreach platforms/programs to the broader community. The NRF provides these services in all fields of science and technology, including natural science, engineering, social science, and humanities.

The NRF delivers its mandate through its internal business units which are both functional and geographical diverse. Unless specifically noted, all contracts flowing from bidding apply to all of its business units.

INTRODUCTION TO THE NZG BUSINESS UNIT RESPONSIBLE FOR THIS BID

The National Zoological Gardens (NZG) of South Africa is a multi-disciplinary research facility for the National Research Foundation with its primary function of displaying captive as well as managed free-range animals and promoting its research fields in southern Africa.

The facility is located at 232 Boom Street, Pretoria, and South Africa GPS: S25°44.349' E028°11.329').

CONTEXT OF THIS PROCUREMENT

The National Zoological Gardens (NZG) of South Africa’s animal collection consists of captive as well as managed free-range animals. It is our responsibility to look after the needs of these animals on a daily basis, by feeding them good quality food. The captive animals are fed by the NZG using scientifically formulated diets and the free-ranging animals have food supplemented when necessary. The diet sheet is prescribed by a qualified animal nutritionist and/or wildlife veterinarian.

The NZG therefore has to purchase meat carcasses for Pretoria to satisfy such nutritional requirements. Estimated annual consumption of meat products is 20 000 kg’s of Beef

carcass, 2 000 kg's of Horse carcass and 3 000 kg's of Pork. It may also be required on occasion for these quantities to be increased in order to cater for an additional facility in Mokopane, Limpopo; the Mokopane Biodiversity Conservation Centre.

THE BIDDING PROCESS

The NZG selects its appointed bidder through the following three-stage process

Stage 1 – Compliance to submission requirements

Bidders warrant that their proposal document has, as a minimum, the specified documents required for evaluating their proposals. The NZG provides the Returnable Document Checklist listing these including which documents are mandatory (GO/NO GO) to the bidders.

The NZG evaluates only procurement responses that are 100% acceptable in terms of the Returnable Document List. The NRF disqualifies bidders not compliant with this list for Stage 2.

Stage 2 – Evaluation of Bids against Specifications and Quality.

1. The NZG evaluates each bidder's written response to the specifications issued in accordance to published evaluation criteria and the associated scoring set outlined in this bid invitation. The evaluation consists of the mandatory minimum specifications in a "Meet/Not meet" or "Go/No Go" format with further specifications requiring qualitative responses.
2. Where circumstances justifies it, the NZG conducts interviews with shortlisted bidders for them to present further information or provide proof of functionality to the evaluation committee. In these cases, the NZG may provide the areas of concern to the short listed bidders to address in their presentations.

Stage 3 – Price/Preference Evaluation

The NZG compares each bidder's pricing proposal on an equal and fair comparison basis that is equitable to all bidders taking into account all aspects of the bids pricing requirements. The NZG conducts fair market-related pricing tests to arrive at an opinion of reasonableness of the bid price offered.

The NZG ranks the qualifying bids on price and preference points claimed in the following manner:

Price - with the lowest priced Bid meeting the minimum specification as stipulated in the threshold to qualify for this stage receiving the highest price score as set out in the Preferential Procurement Policy 2017 Regulations;

Preference - preference points as claimed in the preference claim form (SBD6.1) supported by a valid BBBEE certification are added to the price ranking scores.

The NZG nominates the bidder with the highest combined score for the contract award subject to the bidder having supplied the relevant administrative documentation.

Where the fair market-related price tests reflect defective pricing or pricing outside of the fair market-related price range, the evaluators will recommend price negotiation with the winning bidder to bring the price within the fair market-related price range. Where the winning bidder did not want to participate in the price negotiation or not prepared to provide a fair market-related price, the award will be cancelled and price negotiations will commence with the second bidder in the price/preference ranking.

Bid Procedure Conditions:

Counter Conditions

The NZG draws bidders' attention that amendments to any of the Bid Conditions or setting of counter conditions by bidders will result in the invalidation of such bids.

Response Preparation Costs

The NZG is NOT liable for any costs incurred by a bidder in the process of responding to this Bid Invitation, including on-site presentations.

Cancellation Prior To Awarding

The NZG reserve the right to withdraw and cancel the Bid Invitation at any time prior to making an award and, in terms of the Preferential Procurement Policy Framework Act 2017 Regulations, where the award price is outside of the objective determined fair market-related price range, will cancel the award.

Collusion, Fraud And Corruption

Any effort by Bidder/s to influence evaluation, comparisons, or award decisions in any manner will result in the rejection and disqualification of the bidder concerned.

Fronting

The NZG, in ensuring that bidders conduct themselves in an honest manner will, as part of the bid evaluation processes where applicable, conduct or initiate the necessary enquiries/investigations to determine the accuracy of the representation made in the bid documents. Should any of the fronting indicators as contained in the “Guidelines on complex Structures and Transactions and Fronting”, issued by the Department of Trade and Industry, be established during such inquiry/investigation, the onus will be on the bidder to prove that fronting does not exist. Failure to do so within a period of 7 days from date of notification will invalidate the bid/contract and may also result in the restriction of the bidder to conduct business with the public sector for a period not exceeding 10 years, in addition to any other remedies the NRF may have against the bidder concerned.

DISCLAIMERS

The NZG has produced this document in good faith. However, the NZG, its agents and its employees and associates, do not warrant its accuracy or completeness.

To the extent that the NZG is permitted by law, the NZG will not be liable for any claim whatsoever and how so ever arising (including, without limitation, any claim in contract, negligence or otherwise) for any incorrect or misleading information contained in this document due to any misinterpretation of this document.

The NZG makes no representation, warranty, assurance, guarantee or endorsements to any provider/bidder concerning the document, whether with regard to its accuracy, completeness or otherwise and the NZG shall have no liability towards the responding service providers or any other party in connection therewith.
