Application and funding guidelines are explained in this document. Applicants must read this document together with the following document: [Framework for DAAD-NRF Joint In-Country Masters and Doctoral Scholarships](#) which highlights the eligibility criteria and requirements of each funding instrument.

For technical online enquiries, please contact the NRF Support Desk during office hours from 08:00 to 16:30 Monday to Friday on telephone 012-481 4202; E-mail: supportdesk@nrf.ac.za.

1. Introduction

This Guide provides an overview of the application process and funding guidelines for the **DAAD-NRF Joint In-Country** Masters and Doctoral Scholarships funding instruments. It should be read in conjunction with the above-mentioned **Framework document** which can be accessed at <https://nrfsubmission.nrf.ac.za>. The Framework document provides detailed information with respect to the objectives of the funding instruments and eligibility criteria. This document does not however, constitute a complete set of the policies, procedures or systems used by the NRF.

2. Conditions of Grant

- The NRF scholarship shall be held as the primary funding. The scholarship may not be held concurrently with a scholarship from another South African government or NRF administered source.
- Scholarships will be awarded for a full year (new awards) depending on the period for which the scholarship is requested.
- The period of support is calculated from the initial commencement date of the level of study, irrespective on NRF funding or funding received from another NRF funding instrument.
- The scholarship-holder will be accepted as a full-time student during the tenure of the scholarship. Scholarship-holders may not concurrently hold the scholarship with any full-time salaried employment position.
- The scholarship-holder must be registered and based at an accredited South African Research Institution as a full-time student during the tenure of the scholarship.
- The scholarship-holder may hold bursaries, awards, assistantships and receive emoluments from private institutions in conjunction with the NRF scholarship.

3. Application Process

The NRF is publishing the DAAD-NRF Joint In-Country Masters and Doctoral Scholarships Call on the NRF website that is accessible online at <https://nrfsubmission.nrf.ac.za>. Each applicant is limited to only one (1) application per year. Once an applicant submits an application, it will be duly authorised and approved by the Designated Authority (DA) of the research administration at the prospective South African host institution where the applicant intends to undertake the masters or doctoral research. Applications will be automatically routed to the institutional DA of the submitting institution for validation on the deadline date determined by individual institutions. **Applicants must enquire with their institutions regarding internal closing dates.** The processing of a successful grant application takes approximately five (5) months from the closing date of applications until the commencement of funding.

4. How to Submit Applications

Applications may be completed on the NRF Online Submission System at <https://nrfsubmission.nrf.ac.za>. Applicants are advised to complete their applications soon after the call opens to prevent IT system overload nearer the closing date.

Step 1: This is an electronic submission system and applicants must first register on the **NRF Online Submission System**, <https://nrfs submission.nrf.ac.za> in order to create and complete an application. If you experience problems accessing the system with your NRF Online password, use the Reset Password button. If you are not yet registered on the NRF Online Submission System, you must register to access the application form.

Application screens have screen and application specific instructions to help the applicant work through the sections. Please read the instructions carefully before completing the section. In an endeavour to have a single application for similar funding instruments, applicants will note that some categories are not applicable to all funding instruments. The Framework Document will assist applicants figure out what is required per funding instrument.

The screenshot shows the homepage of the NRF Online Submission System. At the top, there is a blue banner with the NRF logo (National Research Foundation) and RISA (Research and Innovation Support and Advancement) logo. The title "NRF Online Submission System" is displayed in large white text on a blue background.

Below the banner, there is a navigation menu on the left with the following items: Home, New Registration, and Reset Password. A blue arrow points to this menu. In the top right corner, there are links for Feedback and Support.

The main content area contains an "Instructions" section with the following text:

- If you have already registered on the previous systems (NRF Online and Interim), please use your existing login details to access this system. If you have forgotten your password, please click on the Reset Password link on the left-hand menu.
- For technical online enquiries, please contact the Support Desk (Mondays to Fridays from 08h00 to 16h30) on:
Tel: +27 12 481 4202
E-mail: supportdesk@nrf.ac.za
- To access call related documents, please refer to the Open Calls block below. Click on the [icon] icon next to the relevant call to show a list of document(s). To open the document, click on the relevant link.

Below the instructions, there are two main sections:

- Log In:** This section has a blue header. It contains two input fields: "ID/Passport/Unique Number:" and "Password: Show Password". There is a "login" button to the right. Below the fields are two links: "Reset password." and "Not registered? Click here to register." A blue arrow points to the "Log In" header.
- Open Calls:** This section has a blue header and contains a list of funding opportunities:
 - Community Engagement 2017
 - Competitive Programme for Rated Researchers 2017
 - Competitive Support for Unrated Researchers 2017
 - DST-NRF Professional Development Programme (PDP) Call for 2016
 - Equipment-related Travel and Training Grants 2016
 - Infrastructure Funding Instruments in support of the: National Equipment Programme (NEP) and National Nanotechnology Equipment Programme (NNEP) 2016
 - Knowledge, Interchange and Collaboration (KIC) 2016 – Round 1
 - Research Development Grants for Y-Rated Researchers 2017

Step 2: After logging onto the NRF Online Submission System, applicants get to the **landing page** where there is a menu at the top left side of the screen (tab indicated with blue arrow below). Start by filling in all the sections under **My Profile** to create a CV. To create a new application, click on My Applications-Create Application.

NRF National Research Foundation | **RISA** Research and Innovation Support and Advancement | **NRF Online Submission System**

Welcome Mrs Melissa Govender
Feedback Support

Landing Page

Information

- ° PLEASE NOTE: The summary below only lists output records that were migrated from the previous NRF Online system. New records that are added on this system will not form part of this summary.
- ° Applicants must ensure that their CV is updated/completed before creating an application.
- ° In order for your migrated research outputs to show on the CV or be accessible for selection on applications that require your publication record, you **must** verify (review) the outputs listed in the **Research Outputs Summary** table below. In order to do this, click on the output type that still has outputs to be verified (see the To be Reviewed column). Scroll to the bottom of the screen and a heading saying cleaned-up research output records from NRF Online will be displayed. Click on the little black arrow. This will display the output(s) that needs to be verified. Then click on the View icon, it will open a screen with the data for the output. Please fill in the missing information and save the page. If you have more than one output per output type, click on View for the next output. Do this for all the outputs, the output type on the landing page should now say 0. Move on to the next output type and repeat the process. Should you wish to delete an output, then click on the Feedback box, fill in the **Feedback to the NRF box** (e.g. output duplicated, please delete) and in the **Status** field, please select Delete.
- ° In some cases, researchers' outputs don't show at all. The reason for this is
 1. The ID/passport number which the cleaned data was linked to when the clean-up exercise was undertaken differs from the ID/passport number you have just used to login to the NRF Online Submission System.
 2. No outputs were added on the old NRF Online system so there was nothing to migrate. If there were outputs on the old NRF Online system but they do not show in the summary below, you need to ensure that the ID/passport numbers used on both the old NRF Online and this system (NRF Online Submission System) are the same. Please contact the NRF should your outputs not show so that this can be rectified.

Step 3: Select the funding call for which you are applying on the create application screen, which will open up a new application to complete. Please note that this should be selected only once. To continue working on an application, go to My Applications - List of Applications.

NRF National Research Foundation | **RISA** Research and Innovation Support and Advancement | **NRF Online Submission System**

Welcome Mrs Zikhona Looe Support

Create Application

Instructions:

- Check your intended institution's internal closing date as it will be prior to the closing date listed for applications.
- A timeout will appear when there is no activity on the system for 25 minutes. Click on the refresh button (in the popup box) as this will enable the continuation/completion of the application. When clicking on the close button the system will close.

Call	Open Date	Closing Date	Apply
Extension Scholarships for Masters and Doctoral students call for 2018	19 May 2017	19 May 2017	Apply
Foundational Biodiversity Information Programme (FBIP) - Small Grants 2017	29 March 2017	07 June 2017	Apply
Indigenous Knowledge Systems Call 2015	18 June 2014	01 August 2214	Apply
Infrastructure Funding Instruments in support of the National Equipment Programme (NEP) 2017	08 March 2016	30 September 2017	Apply
Institutional Engagement and Partnership Developer (IEPD) Customised Interventions 2017	18 May 2017	25 September 2017	Apply
NRF Freestanding, Innovation and Scarce Skills Development Fund Masters and Doctoral call for 2018	19 May 2017	19 May 2017	Apply
NRF-TWAS Doctoral Scholarships and NRF-TWAS African Renaissance Doctoral Scholarships call for 2018	19 May 2017	19 May 2017	Apply
SASAC High-level System Analysis Capacity Strengthening Three Week Programme 2017	11 May 2017	11 June 2017	Apply
South African National Antarctic Programme (SANAP) 2018	03 April 2017	26 May 2017	Apply
Study Support for the completion of Part-time Doctoral studies call for 2018	19 May 2017	19 May 2017	Apply
Thuthuka 2018	30 April 2017	08 June 2017	Apply

Step 4: All sections marked with red **asterisks** are compulsory. These sections must be completed in order for the final submit button to appear. Applicants may enter information in the non-compulsory section only if they have information to fill in, such as research outputs. Completed sections will be indicated by a green tick on the main menu, while incomplete sections will have a yellow cross. The **Framework and Application Guide Documents** will be found under the **NRF Call Information Documents**.

Please ensure that you have read all the Call Information Documents and abide by the eligibility rules.

All compulsory sections will guide applicants with error messages. Please follow these messages to complete the sections correctly.

Step 5: The *Degree to be Funded* section requires applicants to select either Masters, Doctoral local or Doctoral abroad scholarships. *Please **do not** select “doctoral abroad” as this is not applicable to the DAAD-NRF Joint In-Country Scholarships funding instrument. Applicants who will be studying full-time must select Full time if they will be studying on a full-time basis in 2018, failing which the application will be rejected. Students in their second year of Masters or third year of Doctoral studies in 2017 are not eligible for funding. Please note that awards not taken by 30 June 2018 will be cancelled automatically.

Eligible for Sabbatical Grant category – please select “**No**” to this question.

Degree to be Funded

Instructions

- All Master’s Scholarships are for students who will be conducting research in South African institutions ONLY.
- If you will be conducting Doctoral research at a South African institution, please select "Doctoral Scholarship - Local".
- If you are a South African Citizen or permanent resident and you will be conducting Doctoral research at an International institution, please select "Doctoral Scholarship - Abroad". This applies to the Freestanding, Innovation and Scarce Skills Scholarship applicants.

Degree for which you are applying	<input type="text" value="Select an option"/> *
Eligible for Sabbatical grant	<input type="radio"/> Yes <input type="radio"/> No *
Date of first registration for this degree	<input type="text" value="DD/MM/CCYY"/> *
Full-time	<input type="radio"/> Yes <input type="radio"/> No *
Will Master’s registration be upgraded to doctoral status?	<input type="radio"/> Yes <input type="radio"/> No
Date of upgrading	<input type="text" value="DD/MM/CCYY"/> *
Does any financial support received for previous studies bind you to a service contract?	<input type="radio"/> Yes <input type="radio"/> No *
Are you currently enrolled for the degree/research for which you are applying for support?	<input type="radio"/> Yes <input type="radio"/> No *
Student Number (if currently registered at a university)	<input type="text"/>
Discipline (of degree to be funded)	<input type="text" value="Select an option"/> *
Department/School (of degree to be funded)	<input type="text"/>
Faculty (of degree to be funded)	<input type="text"/>
Is this research topic similar to your previous study?	<input type="radio"/> Yes <input type="radio"/> No *
Indicate what you are doing presently	<div style="border: 1px solid #ccc; height: 60px; width: 100%;"></div> *

250 characters left.

Step 6: The **Research Project Information** section requires applicants to select the proposed institution. SA Higher Education Institutions (HEI), including SA national facilities, as well research institutions will be on the list. If the institution to be selected is not amongst those on the drop-down list, it can be requested by selecting the support tab on the far right at the top of the screen. Please note that it is the applicant's responsibility to find an institution and supervisor in South Africa that is willing to host them.

Research Project Information

Instructions

- All fields are compulsory in this section.
- The Short Title of Research Project field is restricted to 100 characters (including spaces).
- The Descriptive Title of Research Project field is restricted to 2 000 characters (including spaces) and should be a clearer description of what the research is about, therefore expanding on the Short Title.
- You **MUST** consult the attached information manual before completing your application form online.

Applicant's Proposed Institution	Select an option ⓘ *
Short Title of Research Project	<input type="text"/> *
Research Project Start Year	<input type="text"/> *
Research Project End Year	<input type="text"/> *
Budget Start Year	2018
Required Funding Period	<input checked="" type="checkbox"/> *
Budget End Year	
Descriptive Title of Research Project	<div style="border: 1px solid #ccc; height: 150px; width: 100%;"></div> *
	2000 characters left.
Has this research project previously been funded by the NRF?	<input type="radio"/> Yes <input type="radio"/> No *

Step 7: In the **Academic Achievements** section, please enter the academic average from your previous degree by adding up all your marks and dividing by the number of courses. If your institution does not provide a mark, please enter pass in the field. The review panel will compare the scores entered with your academic transcript.

Academic Achievements

Instructions

- ° Please calculate your accumulated grade average for all subjects in final year of previous degree as well as the average for your major subjects in the final year of your previous degree and indicate the year that your previous degree was completed.
- ° If your academic record does not have percentages and you have passed your degree, please enter the word "pass" in the two cumulative grade point average fields below.

Cumulative grade point average percentage for all subjects of previous degree (e.g 65 or pass) *

Cumulative grade point average percentage for major subjects in the final year of previous degree (e.g 65 or pass) *

Year in which previous degree was completed *

Step 8: The *Details of Research* section is one of the most important sections in the application. The section has specific instructions related to each screen. Follow the instructions to complete the section. Applicants must give a concise overview of the proposed research in this section as the input is taken into consideration during the assessment of the application. Appropriate literature references must also be included in this section. It is acceptable to attach a page of literature references. The Scorecard that will be used to assess the application can be viewed in the **Framework Document**.

Details of Research

Instructions

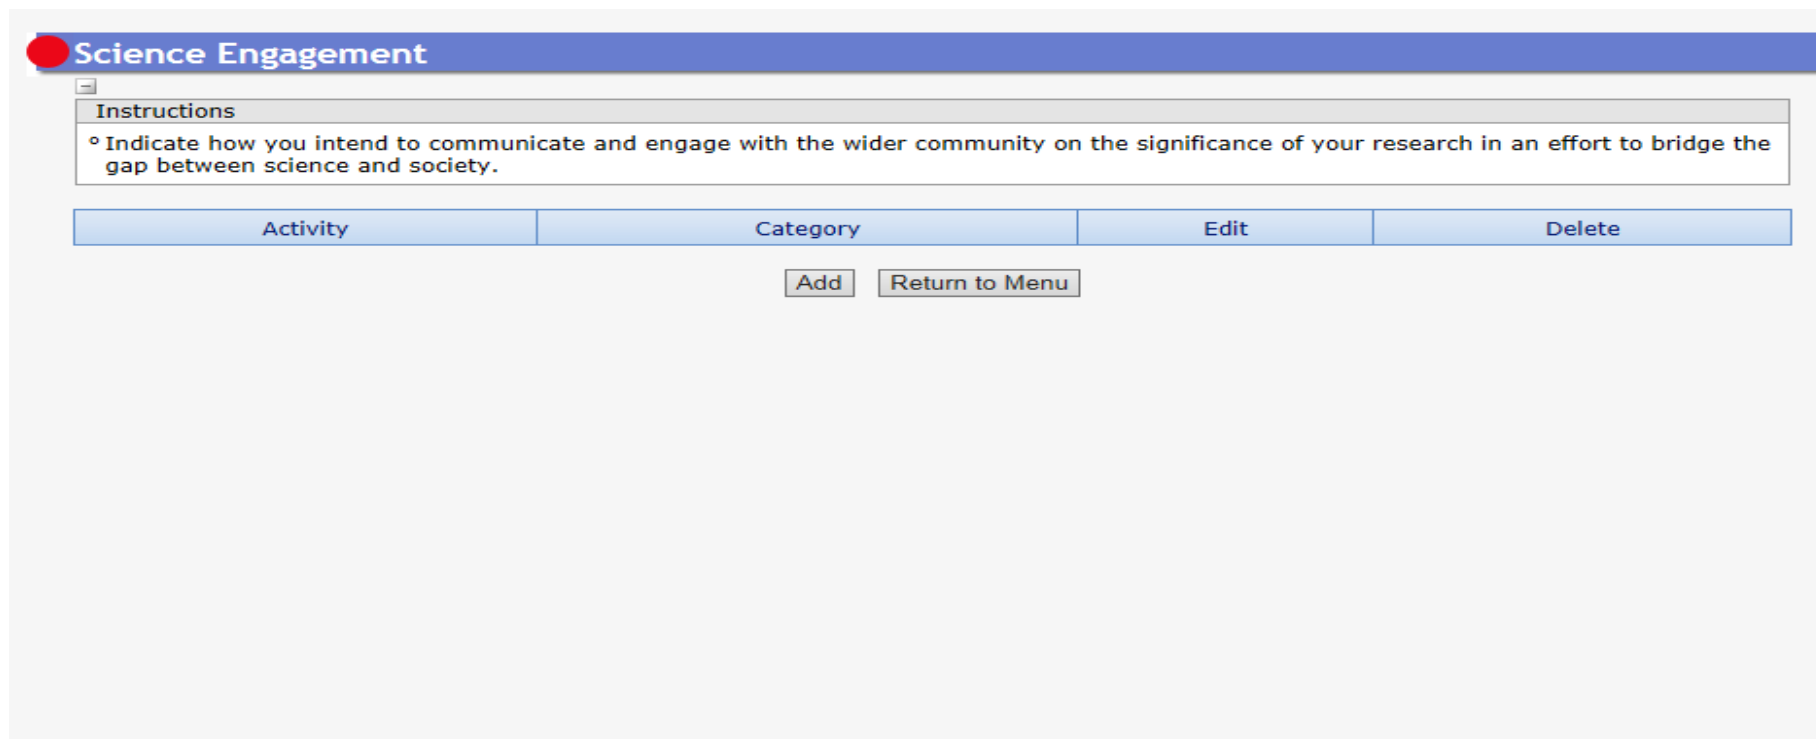

- Please note that all fields in this section are compulsory and unless fully completed your application cannot be submitted.
- **Please refer to the Framework document of the call that you are applying for.**

Section	Complete	Date Updated	Edit
Problem Statement *		18 May 2017

Alignment to National Strategies *		18 May 2017	

[Return to Menu](#)

***Please note that the Details of Research section will only mark as complete when all the sub-sections have been completed.**

Step 9: The **Science Engagement** section is compulsory section. Should applicants not be running any science engagement activities, they must click on “add” and select “N/A” under “activity” and category”.

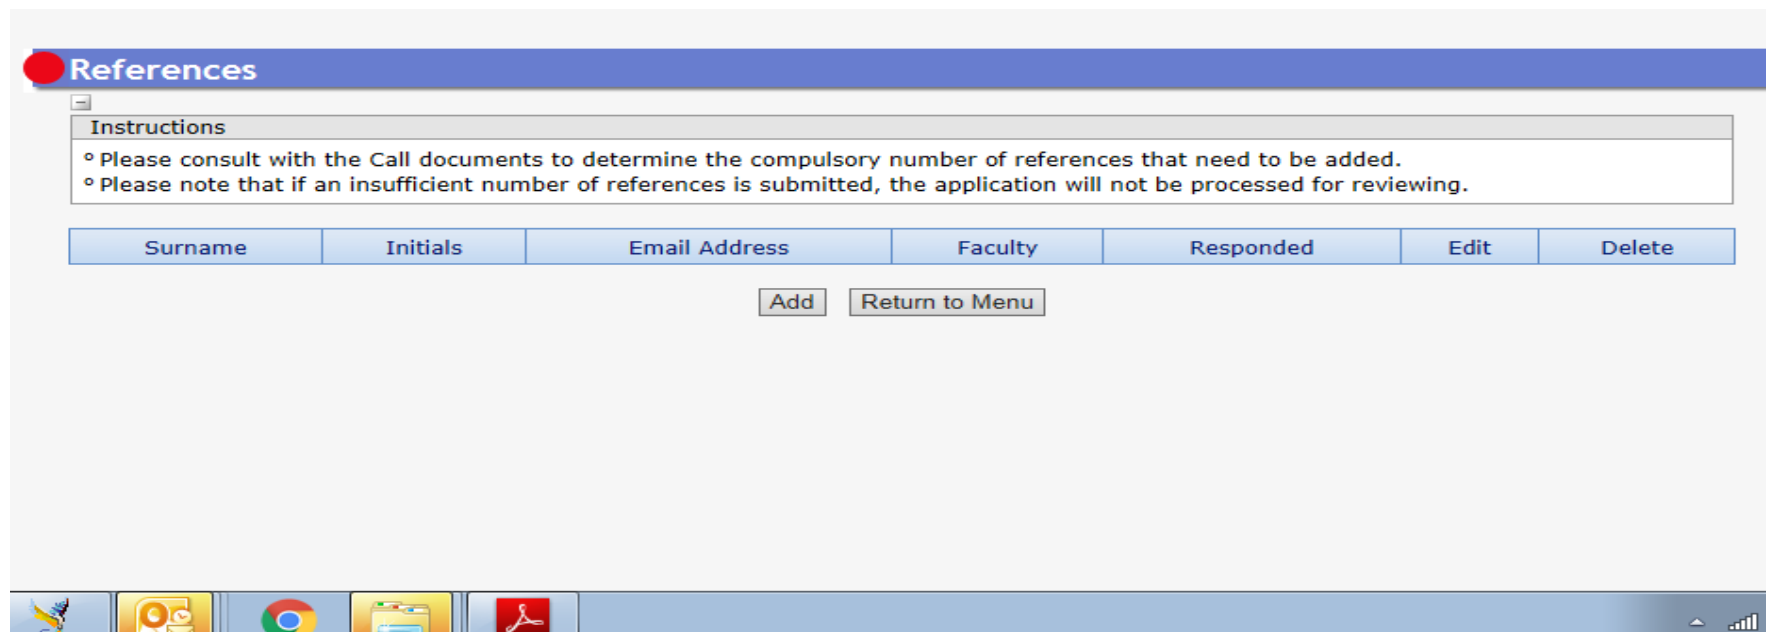

The screenshot shows a web interface for the "Science Engagement" section. At the top, there is a blue header bar with a red circle icon and the text "Science Engagement". Below the header, there is a section titled "Instructions" with a minus sign icon to its left. The instructions text reads: "Indicate how you intend to communicate and engage with the wider community on the significance of your research in an effort to bridge the gap between science and society." Below the instructions, there is a table with four columns: "Activity", "Category", "Edit", and "Delete". Below the table, there are two buttons: "Add" and "Return to Menu".

Activity	Category	Edit	Delete
----------	----------	------	--------

Step 10: The **Reference** section allows applicants to include academic referees who can comment on the applicant's academic abilities. On final submission of the application, the emails containing a reference response are sent automatically to the nominated referees to provide a report on the academic and research capabilities of the applicant. References required per study level are listed below:

- Master's applicants - Master's supervisor and an academic referee
- Doctoral applicants - Master's supervisor, Doctoral supervisor and an academic referee

NB: The applicant must periodically view the application PDF to check if a referee has responded to the request.

Step 11: *Person History* section is required for statistical purposes by the NRF. It allows the NRF to ascertain who previously received NSFAS (South African National Student Financial Aid Scheme) funding.

Person History

Instructions
◦ Proof of NSFAS or University financial aid scheme must be attached.

Previous studies funded by

- NSFAS bursary
- NSFAS loan
- University Financial Aid
- Family funded
- Self funded
- Other Government departments
- International donor funds
- Not funded from any other source *

Current degree funding

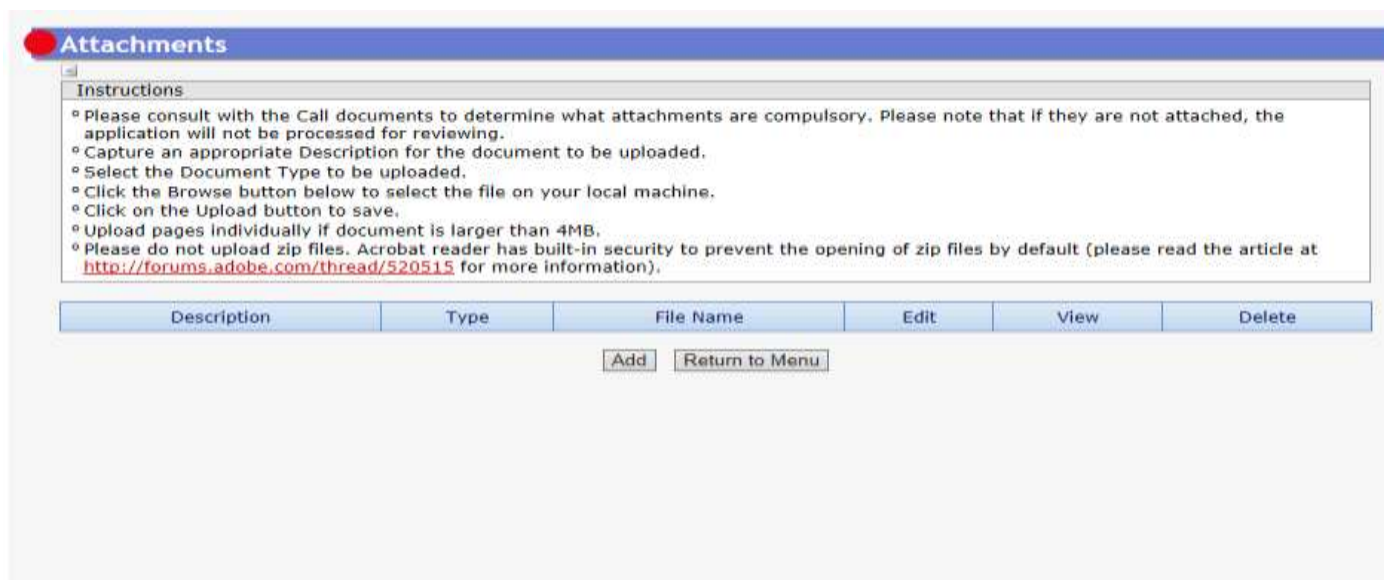

- NSFAS bursary
- NSFAS loan
- University Financial Aid
- Family funded
- Self funded
- Other Government departments
- International donor funds
- Not funded from any other source *

Are you currently a DST-NRF intern

Yes No *

Step 12: In the **Attachments** section, please print, certify and then scan all the required documents and submit as a single PDF file. The applicant is required to attach the following documents:

- (i) Certified South African Identity Document (only SA citizens and permanent residents are eligible for this call).
- (ii) Certified academic record or, in case of applicants with outstanding fees due to the university, attach an official statement that is stamped and signed, stating that the transcript is not issued due to outstanding fees owed to the university.
- (iii) Proof of National Student Financial Aid Scheme (NSFAS) or University Financial Aid funding (if applicable)
- (iv) Applicants with disabilities must upload a medical certificate, in support of the disability.
- (v) University staff members are only eligible to apply for Doctoral scholarships and will have to attach the following:
 - a. Proof of employment
 - b. A supporting letter from their human resource department clearly indicating their working hours and status of employment during the tenure of the award.

***Applications without the required attachments will be rejected.**

Step 13: Applicants must adhere to their institution’s internal closing date for submission of their applications to allow for internal institutional screening and review. The Institution’s internal closing date will be determined by the respective research offices or Postgraduate Office and is usually at least two weeks prior to the NRF’s closing date. DAs must ensure that all proposals are screened and approved through internal institutional processes **before** submitting the applications to the NRF. The NRF assumes that the respective DAs are satisfied with the standard of all proposals validated and submitted, and that the institution approves and supports the proposed research.

Step 14: The final submit button will appear only if all compulsory sections are complete. Press OK to submit the application. If all the compulsory sections are complete and the final submit button does not appear, select any section and resave to refresh the application; the final submit button should appear. A submitted application is automatically routed to the DA in the Research Office of the institution that was selected, for internal review and validation. Late applications, additional supporting documentation or information received after the closing date will not be accepted or considered.

The NRF will not process applications that are incomplete, contain insufficient or incorrect detail, or fail to comply with instruction as such applications will be rejected. The application must be completed in sufficient detail to allow for a comprehensive review and evaluation by external reviewers. In addition to the electronic application and required attachments, the NRF may request additional information or documentation to support an application if required. Failure to supply such information or documentation upon request may result in the rejection of the application.

5. Screening and Review Processes

5.1 Overview of the Screening Process

All applications validated by institutions and submitted to the NRF are screened by the NRF for compliance with the eligibility criteria of the Call for applications, as well as the requirements for completing the NRF Online Submission application. Applications that fail to meet the stipulated requirements will be rejected.

5.2. Overview of the Review Process

The NRF’s peer review policy requires that all applications be subjected to a review process. Applications submitted to this funding instrument will go through a panel review process.

5.2.1 Panel Review

Panel members are selected from the NRF database that is updated on a continuous basis, and other sources. In compiling the review panel, the expertise and experience of individuals in application adjudication are taken into account. In assessing the application, agreed assessment criteria are applied in the form of a scorecard (please refer to the **Framework Document**).

The Review Panel provides recommendations to the NRF and the final funding decision is made by the NRF. In awarding grants in this funding instrument, the NRF takes into account the recommendations of the peer review panels, the objectives and targets of the funding instrument, and the available funds.

6. Applications Feedback and Disputes

Once the review and assessment processes have been completed and the recommended funding decision has been approved by the NRF, the NRF will publish a list of successful applications on the NRF website, www.nrf.ac.za/bursaries/calls. The application status online will indicate whether or not the application has been approved for funding. If your name does not appear on the published list of successful applications it means that your application was unsuccessful.

The NRF does not provide feedback to all unsuccessful applicants due to the high volume of applicants within this funding instrument.

Unsuccessful applicants that wish to appeal the funding decision taken by the NRF must follow the appropriate Appeals Process of the NRF. Appeals for this funding instrument will only be considered two-three (2-3) months after the official publication date of the results on the NRF website.

7. Awardee Responsibilities

7.1 Reporting

Continued funding beyond the first year is dependent on the submission of an Annual Progress Report (APR) when the official APR submission publication has been opened on the NRF website. Continued funding will be considered based on satisfactory progress.

An APR must be submitted by the awardee / grant-holder in a format provided by the NRF, documenting progress made against set objectives and research outputs. The NRF may, in consultation with the

Research Office, request interim progress reports for the purpose of implementing corrective measures timeously to ensure that stated objectives are met within stipulated timeframes.

7.2 Managing changes during the project life cycle

Changes may occur during the project life cycle due to unforeseen and extenuating circumstances. Please note the following on how to manage the award and subsequent changes (planned or unanticipated) should they arise during the project life cycle.

7.2.1 Change Requests

7.2.1.1 Prior Approval Requests

Applicants must submit all change requests in writing to the NRF for approval before effecting any changes. The request must have institutional DA endorsement and be submitted to the NRF *via* the Research Office / Post graduate funding Office for approval prior to the change.

7.2.1.2 Changes in Project Scope, Supervisor or Institution

Changes may occur where a project scope, supervisor or institution needs to be changed from the original research proposal, supervisor or institution respectively. The request must have institutional DA endorsement and be submitted to the NRF *via* the Research Office. Such requests must be forwarded to the NRF 30 days before the change is intended to take place.

8. Scientific Compliance

8.1 Methodology

The student takes scientific responsibility for the research to be undertaken, including its objectives and the methodology outlined in the project proposal. The student is required to devote the necessary time to the research project in compliance with the work-plan for the research proposal approved by the NRF so as to achieve the project's stated aims and objectives.

8.2 Intellectual Property Rights

The intellectual capital generated by NRF funded research must be appropriately protected and exploited for the benefit of South Africa. This condition should not interfere with the Intellectual Property Rights arrangements already made, on condition that the majority of the benefits arising from the intellectual capital accrue to South Africa and its citizens. This condition is aligned with the *Intellectual Property Rights Act, 1* which will override this condition of grant.

8.3 Ethics

The student is required to maintain the highest ethical and safety standards in conducting the research, particularly when human and animal subjects are involved. It remains the responsibility of the project leader to comply with all relevant regulations in this regard, including those of the institution at which the research is carried out. An ethical clearance certificate (where applicable) must be submitted to the NRF in respect of successful applications before funding can be released.

- 1 RSA (2008). Intellectual Property Rights from Publicly Financed Research and Development Act 51 of 2008. *Government Gazette*, 22 Dec 2008. Vol 522, No 3174
