THE BIDDING SELECTION PROCESS

Stage 1 – Compliance to submission requirements

Bidders warrant that their proposal document has, as a minimum, the specified documents required for evaluating their proposals. The NRF provides the Returnable Document Checklist listing these including which documents are mandatory (GO/NO GO) to the bidders.

The NRF evaluates only procurement responses that are 100% acceptable in terms of the Returnable Document List. The NRF disqualifies bidders not compliant with this list for Stage 2.

Stage 2 – Evaluation of Bids against Specifications and Quality

1. The NRF evaluates each bidder’s written response to the specifications issued in accordance to published evaluation criteria and the associated scoring set outlined in this bid invitation. The evaluation consists of the mandatory minimum specifications in a “Meet/Not meet” format with further specifications requiring qualitative responses.
2. Where circumstances justifies it, the NRF conducts interviews with shortlisted bidders for them to present further information or provide proof of functionality to the evaluation committee. In these cases, the NRF may provide the areas of concern to the short listed bidders to address in their presentations.
3. Bidders making the minimum evaluation score will pass to stage three.

Stage 3 – Price/Preference Evaluation

The NRF compares each bidder’s pricing proposal on an equal and fair comparison basis that is equitable to all bidders taking into account all aspects of the bids pricing requirements. The NRF conducts fair market-related pricing tests to arrive at an opinion of reasonableness of the bid price offered.

The NRF ranks the qualifying bids on price and preference points claimed in the following manner:

Price - with the lowest priced Bid meeting the minimum specification as stipulated in the threshold to qualify for this stage receiving the highest price score as set out in the Preferential Procurement Policy 2017 Regulations;

Preference - preference points as claimed in the preference claim form (SBD6.1) supported by a valid B-BBEE certification are added to the price ranking scores.

The NRF nominates the bidder with the highest combined score for the contract award subject to the bidder having supplied the relevant administrative documentation.

Where the fair market-related price tests reflect defective pricing or pricing outside of the fair market-related price range, the evaluators will recommend price negotiation with the winning bidder to bring the price within the fair market-related price range. Where the winning bidder did not want to participate in the price negotiation or not prepared to provide a fair market-related price, the NRF cancels the award and commences price negotiations with the second bidder in the price/preference ranking.

BID PROCEDURE CONDITIONS:

Counter Conditions

The NRF draws bidders' attention that amendments to any of the Bid Conditions or setting of counter conditions by bidders will result in the invalidation of such bids.

Response Preparation Costs

The NRF is NOT liable for any costs incurred by a bidder in the process of responding to this Bid Invitation, including on-site presentations.

Cancellation Prior To Awarding

The NRF reserves the right to withdraw and cancel the Bid Invitation at any time prior to making an award and, in terms of the Preferential Procurement Policy Framework Act 2017 Regulations, where the award price is outside of the objective determined fair market-related price range, will cancel the award.

Collusion, Fraud And Corruption

Any effort by Bidder/s to influence evaluation, comparisons, or award decisions in any manner will result in the rejection and disqualification of the bidder concerned.

Fronting

The NRF, in ensuring that bidders conduct themselves in an honest manner will, as part of the bid evaluation processes where applicable, conduct or initiate the necessary enquiries/investigations to determine the accuracy of the representation made in the bid documents. Should any of the fronting indicators as contained in the “Guidelines on complex Structures and Transactions and Fronting”, issued by the Department of Trade and Industry, be established during such inquiry/investigation, the onus will be on the bidder to prove that fronting does not exist. Failure to do so within a period of 7 days from date of notification will invalidate the bid/contract and may also result in the restriction of the bidder to conduct business with the public sector for a period not exceeding 10 years, in addition to any other remedies the NRF may have against the bidder concerned.

DISCLAIMERS

The NRF has produced this document in good faith. However, the NRF, its agents and its employees and associates, do not warrant its accuracy or completeness.
