INTRODUCTION TO THE NRF

The National Research Foundation (“NRF”) is a juristic person established in terms of the National Research Foundation Act, Act 23 of 1998, and a Schedule 3A Public Entity in terms of the Public Finance Management Act.

The NRF is the government’s national agency responsible for promoting and supporting research and human capital development through funding researchers, provision of the National Research Platforms, and science outreach platforms/programs to the broader community. The NRF provides these services in all fields of science and technology, including natural science, engineering, social science, and humanities.

The NRF delivers its mandate through its internal business units which are both functional and geographical diverse. Unless specifically noted, all contracts flowing from bidding apply to all of its business units.

INTRODUCTION TO THE NRF BUSINESS UNIT RESPONSIBLE FOR THIS BID

The South African Institute for Aquatic Biodiversity (SAIAB) is, located in Grahamstown, is an internationally recognised centre for the study of African aquatic biodiversity. Its primary function is generating knowledge of the biodiversity and functioning of globally significant aquatic ecosystems and promoting its research fields in southern Africa.

SAIAB is located at 33°18.593’s/26°31.152’e

CONTEXT OF THIS PROCUREMENT

The SAIAB Collection building was built in 2006 to house a collection of fish and other aquatic organisms used for scientific research. Currently, only the ground floor is fitted out and in use for the preparation and storage of the collections and this has reached it’s’ storage capacity. The collections now need to expand into the upper level (first floor) which is currently being fitted out with the specialised systems needed to maintain the collections in an optimal state. The final phase of this project will be the installation of mobile shelving and the fitting of tracks complete to the existing concrete floor to a perfectly level finish. It is expected that the building contractors will be off-site by the time the installation of the shelving is done, hence the successful bidder for this procurement will be responsible for the cutting-in and laying of the tracks as well as the installation of the storage units.

THE BIDDING PROCESS

This bid is evaluated through a three-stage process

Stage 1 – Compliance to Requirements including Mandatory as these are GO/NO GO gates

Bidders warrant that their proposal document has, as a minimum, the specified documents required for evaluating their proposals. The NRF provides the Returnable Document Checklist listing these including which documents are mandatory (GO/NO GO) to the bidders.

The NRF evaluates only procurement responses that are 100% acceptable in terms of the Returnable Document List. The NRF disqualifies bidders not compliant with this list for Stage 2.

Bidders providing all mandatory documents will pass to stage 2.

Stage 2 – Evaluation of Bids against specifications, quality, trade references and years' experience.

The NRF will evaluate each bidder on three factors :

- a) written response to the specifications issued in accordance to published evaluation criteria and the associated scoring set outlined in this bid invitation.
- b) results of three trade references as included in this bid invitation.
- c) results of years experience as included in this bid invitation.

The NRF will, where circumstances justifies it, request evaluation sessions such as interviews/presentations/pitching sessions/proof of functionality sessions with the bidders before concluding the evaluation stage.

Bidders making a minimum total evaluation score of **70%** will pass to stage 3.

Stage 3 – Price/Preference Evaluation

The NRF compares each bidder's pricing proposal on an equal and fair comparison basis that is equitable to all bidders taking into account all aspects of the bids pricing requirements. The NRF ranks the qualifying bids on price and preference points claimed in the following manner:

Price - with the lowest priced Bid meeting the minimum specification as stipulated in the threshold to qualify for this stage receiving the highest price score as set out in the Preferential Procurement Policy 2017 Regulations;

Preference - preference points as claimed in the preference claim form (SBD6.1) supported by valid B-BBEE certification (Original or certified copy of B-BBEE certificate or sworn affidavit) are added to the price ranking scores.

The NRF will nominate the bidder with the highest combined score for the contract award.
