Stage 1 – Selection of Qualified Bidders (Technical / Quality Evaluation)

- Bidders bid response / submission is evaluated against the bid invitation specifications as well as the bidder's capacity and capability.
- Evaluation is made in accordance to published evaluation criteria and the scoring set for each criterion.
- All qualifying bidders are shortlisted for the awarding stage.

Stage 2 – Awarding of the Contract

- Bidders are compared on a fair and equal basis taking into account all aspects of the proposals.
- The award criterion are:
 - **Price** – with the lowest priced bid on an equal and fair comparison basis receiving the highest price score as set out in the 2011 Preference Regulations.
 - **Preference** – preference points as claimed in the preference claim form are added to the price ranking scores and the highest combined score is nominated for the contract award.
 - **Administration** - Contracts are awarded where bidders have supplied the relevant administrative documentation especially the tax certificate.

The bid evaluation committee will, after the closing date, evaluate all submitted proposals' technical envelopes containing the technical information first.

Only those bidders that achieve the minimum competence/delivery level as set out in this bid are evaluated in the second stage (Price and Preference).

The minimum competency level for the technical evaluation is for bidders to score at least **seventy (70%)** on the technical evaluation.

The Total Technical Points Scored is the total of the evaluations scored per category multiplied by the weighting percentage for each category expressed as a percentage of the Total Technical Points.

Total Evaluation Score = [Score x weighting x No of Evaluators] / [Maximum Score x 100 x No of Evaluators]

Example Total Score – [(3 x 40x 4)+(4 x 30 x 4)+(5 x 30 x 4)] / [5 x 100 x 4] = [1560 /2000] = 78%

Each evaluator's percentage thus calculated are aggregated and divided by the number of evaluators to establish an overall percentage mark.
