Dear Rocky

Review of the DST-NRF CoE Human Development

This letter refers to the peer review report submitted after the assessment of the CoE Human Development.

I acknowledge the rigour of the independent review. I believe the report is accurate and complete. I particularly like the recommendations.

In closing, I would like to provide my full support for the CoE Human Development based on their excellent track record of high quality research and PG student supervision. I look forward to the New Director taking the CoE from strength to strength.

Yours sincerely
