

# AFRICA MONTH NRF SCIENCE FOR SOCIETY LECTURE INVITATION

## Topic: Strengthening Resilience in Nutrition and Food Security on the African Continent

The National Research Foundation (NRF), in partnership with the DSI-NRF Centre of Excellence in Food Security, presents this special virtual Science for Society lecture in observance of Africa Month 2022. The panel discussion will explore, among others, issues that continue to impact on the vulnerability of nutrition and food security for the region, as well as provide insight into how we can boost the resilience of food systems in Africa.
