

# 22<sup>nd</sup> HFSP AWARDEES MEETING

6 – 8 December 2023  
Cape Town International  
Convention Centre  
South Africa

## THE EVENT

The HFSP Awardees Meeting is an interdisciplinary event highly valued by our awardees for the quality of the frontier science presented and the networking opportunities. Over the years, the meeting has developed as fertile ground for seeding new collaborations.

The 2023 edition will take place at the Cape Town International Convention Center (CTICC) in Cape Town from 6 - 8 December 2023. With the 22<sup>nd</sup> HFSP Awardees Meeting, HFSP wants to honor South Africa as its new member country, allowing the HFSP community to connect with scientists from South Africa and other African countries.

## PARTICIPANTS

Current and new HFSP awardees, as well as HFSP alumni, are invited to participate in the annual meeting.

Scientists from South Africa are welcome to participate and present their research work for what promises to be an exciting meeting.

## REGISTRATIONS

The 2023 conference will only accommodate in-person participation, for both presenters and delegates.

The conference registration fee should be paid in South African Rand and includes attendance to all sessions on the conference Program.

The registration should be done at the [event webpage](#).

**Registration deadline: 6 November 2023.**

## ABSTRACT SUBMISSIONS

Abstracts should be submitted on the [online platform](#). Researchers are encouraged to read the submission guidelines carefully before initiating the abstract submission process.

All abstracts will be invited to present a poster and will be mentioned in the meeting program and Conference Proceedings Book. Oral presentations will be announced in November.

**Abstract submission deadline: 6 November 2023.**

## BURSARY SUPPORT

Researchers from South Africa who are not HFSP Awardees can apply for financial support to cover the conference registration expenses.

A limited number of bursaries is available to support the participation of researchers, especially early career researchers, from African countries at the 22nd HFSP Awardees Meeting.

The applicants must submit an abstract to qualify for a support.

Bursary info and application are available on the [event webpage](#).

**Application deadline: 31 October 2023.**

Please consult the event webpage for [practical information](#) regarding the city and the country.

The [Cape Town International Convention Centre](#) offers a variety of on-site amenities for delegates attending an event, including restaurants and a tour operator.

The 22nd HFSP Awardees Meeting organization suggests some hotels near the venue for participants' accommodation. Feel free to use the booking code provided on the [event webpage](#).
